DESCRIPTION OF INVENTION

To the best of your ability, describe in your own words how your invention works. Attach any sketches, photographs or other written descriptive materials. REMEMBER, the better you describe your idea the more thorough research we can do for you.

NAME OF INVENTION OR TRADEMARK: TORNADO Alert System
IN Home/office TORNADO Alert System.

This System would always be on stand by
(such as fire alarm / C.O. detectors) and will
be powered by A.C. / with battery backup.
When Tornado Sirens go off / ^{in your vicinity} the entire system
for your General area will set the alarm
off in your home / office / business.

This would happen day or night so that people
asleep would be alerted and could seek
shelter. This project could be set up and
coordinated with Civil Defense, Police, Revenue
whom ever was responsible for the Alert
Systems of the any given area -

The system would be dual mode - land
line - phone line / airways - Digital - analog.

~~My idea is a well marked system that~~
~~is a well marked system that~~

Interval workings - Micro Processor - Control
for 3 alert tones / STATUS WINDOW / phone plug / Battery
cell area.
